By the 55th section of the act of 15th April, 1851, the State Treasurer was authorized to borrow, on temporary loan, \$98,000, to be applied to improving the curves on the Columbia Railroad. This was done. But as the amount is re-imbursable out of the proceeds of the sale to the Reading Railroad Company, of the Schuylkill viaduct and the railroad leading therefrom to the city of Philadelphia, and is a mere anticipation of some of the instalments from that company, it is not embraced in the above statement, nor in the table of loans.
